

MARCH 2022 NEWSLETTER

Normally I would say that March has come in pretty fast which means Spring is right around the corner but this year it feels like it can't come soon enough. Winter wasn't that rough but a little warmer weather would be welcoming.

We are all still being COVID safe at all times even with the lifting of the mask mandate. The sanitizing, disinfecting and temperature checks will continue. This past weekend we had all of the airducts cleaned out so we are providing clean air for everyone. That was done at a cost of \$7,000.00. We have a lot of duct work.

I want to take a minute to praise my staff who comes to work every day to take care of our children. Friday, March 4th, is Staff Appreciation Day where we honor our teachers for the care and love they bring to our kids.

Most of us know Child Care is not the most financially rewarding industry but our rewards come to us with love from the kids and the appreciation of our clients. We do all of this happily while we too fear getting COVID.

As always, any questions or concerns just stop in the office and we can help you. Hopefully, the Leprechaun will pop in on St. Patrick's Day and bring the kids a chocolate coin during their nap.

Have a great month!
